

SNo	Name	Location	Period	UNESCO data	Description
1	Fossil Hominid Sites of Sterkfontein, Swartkrans, Kromdraai, and Environs	Sterkfontein	Pliocene and Pleistocene epochs	915; 1999, 2005 (extended); iii, vi	The area contains various fossil sites containing traces of human occupation and evolution dating back some 3.3 million years.
2	Mapungubwe Cultural Landscape	Limpopo Province	11th to 14th centuries	1099; 2003; ii, iii, iv, v	This open savanna lays at the confluence of the Limpopo and Shashe rivers. It was the heart of the Mapungubwe Kingdom until the 14th century, when the area was abandoned, leaving untouched remains of palaces and settlements.
3	Richtersveld Cultural and Botanical Landscape	Northern Cape	19th century to present	1265; 2007; iv, v	This mountainous desert is communally owned and managed. It sustains the semi-nomadic pastoral livelihood of the Namaqua people, including seasonal migrations that have persisted for two millennia.
4	Robben Island	Table Bay	17th to 20th centuries	916; 1999; iii, iv	Between the 17th and 20th century, the island was used as a prison, including for political prisoners, a hospital for socially unacceptable groups (leper colony), and a military base.
5	Cape Floral Region Protected Areas	Western Cape, Eastern Cape	N/A	1007; 2004; ix, x	The site consists of eight protected areas that are among the richest in plant life worldwide, containing nearly 20% of Africa's total flora. Its scientific value is demonstrated by the presence of fire and radiation adaptivity in plants and seed dispersal by insects.
6	iSimangaliso Wetland Park	KwaZulu-Natal	N/A	914; 1999; vii, ix, x	The park features a variety of landforms, including coral reefs, long sandy beaches, coastal dunes, lake systems, swamps, and reed and papyrus wetland, caused by fluvial, marine and aeolian processes. This has resulted in an exceptional species diversity.
7	Vredefort Dome	Vredefort	Paleoproterozoic era	1162; 2005; viii	The crater, with a diameter of 190 km (120 mi), is the largest, oldest and most deeply eroded astrobleme found on Earth, dating back more than 2 billion years.
8	uKhahlamba / Drakensberg Park	KwaZulu-Natal, Lesotho	2000 B.C.	985; 2000; i, iii, vii, x	The park features soaring basaltic buttresses, incisive dramatic cutbacks, golden sandstone ramparts, rolling high-altitude grasslands, pristine steep-sided river valleys and rocky gorges.
